## **Plan to Make Technology Available to All Pupils and Teachers Involved in Distance Education (SB215) [2023]**

Current available technology that could be utilized for a distance learning program, if needed:

Number of Student Chromebooks: 96

Number of Teacher Chromebooks: 12

Number of Chromebooks

Planned to purchase in FY2023: 25 (approx cost \$7,500)

**Total Number of Student Chromebooks: 121**

**Current Student Enrollment FY2023: 240**

\*In 2021 school year in full distance learning, 58 Chromebooks at most at one time were loaned out to families that needed internet-ready devices for their students (22% of our students). All other students had access to internet-ready device(s) in their home.
