

Based on approval of SSMCS Board of Trustees, we are giving written notice regarding examinations to all teachers and educational personnel employed by the governing body who are involved in the administration of the examinations, all pupils who are required to take the examinations, and all parents, and legal guardians of such pupils.

Nevada Testing Requirements, Protection and Security of Tests

Silver Sands Montessori Charter School (SSMCS) follows the Nevada Department of Education testing requirements and yearly school testing calendar. SSMCS students are tested in the school's multipurpose room unless specifically noted by an accommodation laid out by a Section 504 or Individual Education Plan. Students who fail to abide by the school's code of conduct during the testing procedure will be subject to the SSMCS Discipline Policy.

All students who are enrolled in public schools, including charter schools, are required to participate in state testing requirements.

SSMCS, in accordance with Nevada law, NRS 390.275, has implemented procedures to ensure the security of all state-mandated proficiency exams. The plan includes procedures for:

- The names and titles of the individuals responsible for carrying out the procedures
- Reporting irregularities in test administration and test security;
- Notifying the Nevada Department of Education of testing irregularities
- Ensuring the security of test materials and consistency of test administration;
- Verifying the identity of secondary students taking an exam; and
- Responding to a report of an irregularity in test administration or security, including actions taken during an investigation and the person responsible for each action.

Because test security is a vital part of proficiency testing and the validity of the resulting data, SSMCS under state law may invoke the following penalties for willful violation of test security or administration procedures:

- A teacher and/or administrator may be suspended, demoted, dismissed or not reemployed for breaches in test security or administration;
- All other employees may be subject to suspension, dismissal or non-reemployment for breaches of security or confidentiality; and
- Students who willfully breach test procedures will be subject to administrative and disciplinary action consistent with state law and district regulations.
